Subject SV: Details of list updating and certification recommencement
Body Dear Craig,

In the following websites, the list of ISA-free zones and compartments will be updated shortly:

- https://www.mattilsynet.no/fisk\_og\_akvakultur/fiskehelse/fiske\_og\_skjelsykdommer/la/liste\_over\_lufrie\_omraader.35631
- https://www.mattilsynet.no/language/english/fish\_and\_aquaculture/fish\_health/areas\_declared\_free\_from\_infectious\_salmon\_anemia\_ia.19431
- https://vdata.no/forskrift/2008-06-17-819

As well, the following websites will be revised and information about ISA-free zones and compartments will be updated:

- https://www.mattilsynet.no/language/english/fish\_and\_aquaculture/fish\_health/declaration\_of\_areas\_free\_of\_infectious\_salmon\_anemia\_ia\_in\_norway.8674
- https://www.mattilsynet.no/fisk\_og\_akvakultur/fiskehelse/fiske\_og\_skjelsykdommer/la/foermaader\_for\_inferksio\_lakseanemi\_ia.3963
- https://www.mattilsynet.no/fisk\_og\_akvakultur/fiskehelse/fiske\_og\_skjelsykdommer/la/overvaaking\_av\_ia\_og\_ev\_bkd\_for\_an\_oppnaa\_og\_vedlikeholde\_fistatus.33625/binary/Overv%C3%A5king%20av%20IA%20og%20ev%20BKD%20for%20oppnaa%20og%20vedlikeholde%20fistatus

Regarding the date on which the certification will recommence, it is still some work to do before the NFSA will lift the suspension and at the moment it is uncertain if we would be able to finish by the end of the day. We will let you know when the information is updated and publicly available.

We will also notify the Commission where to find the updated information of ISA-free zones and compartments in Norway.

Dear Jonathan,

Further to Knut's assurances that the list of ISA-free zones and compartments would be updated not later than today and that certification would not recommence before such updating, would you please be so kind as to confirm:

- the exact address of website(s) where the amended list will appear; and
- the date on which certification will re-commence (we have been assuming probably today or tomorrow but would appreciate more precision).

Please note that this is important information not only for the Authority but also for the European Commission in order that it may accurately update EU Member States on status.

Many thanks in advance.

Best regards,

Craig
